NEWSLETTER

From the Desk of Principal

Greetings to all from
Swahid Smriti Mahavidyalaya.

It is our pleasure to focus the activities of the college already done or plan to be executed, through the News Letter of the college. Although established in 1989, the College is yet to be completely free from its infancy as the provincialisation has taken place only in 2013. The demand and utility of this college as an institution located in rural areas is immense. Yet the institute has gone through numerous limitations. The college is also making efforts so that our students can move forward in keeping with the recent changing global phenomena. Students have been in-

involved by registering new units of Scout and Guides, National Service Scheme

Our Core Values
Tamaso Maa Jyotirgamaya
(From darkness, lead me to light)

(NSS) etc. to shine through various tasks and activities at the National and International level. Besides , a group has already been qualified by completing a certificate course on "Language Studies" and Human Rights". The area is rich in the bamboo productions and silk and craft weaving, so plans are being made to open new courses in that regard. However, there is a promise to move forward with new dreams in the days to come. I appreciate the discerning teachers who are responsible for overseeing all kinds of operations. In the end, I would like to express my sincere gratitude to all concerned who have taken care of this newsletter.

With hope and regards

Dr. Manash Barthakur

Principal

Swahid Smriti Mahavidyalaya,
Belsor, Nalbari, Assam
